PROFESSIONAL EXPERIENCE

COREHEALTH TECHNOLOGIES | Calgary, AB (remote)

Oct 2022 – Jun 2026

Frontend developer

- Contributed to a portfolio of enterprise digital wellness solutions (health risk assessments, incentive management, onboarding flows) supporting **3.5M+ users worldwide**.
- Delivered SaaS platform solutions for **30+ enterprise clients**, including Quantum Health, Health Advocate, and Air Canada.
- Built and deployed **30+ custom frontend widgets/modules** from scratch using TypeScript, jQuery, SASS, REST APIs, and Kendo UI.
- Maintained and modernized legacy .NET/Azure applications across multiple environments, resolving complex UI defects and improving overall frontend stability.
- Mentored junior developers through onboarding, code reviews, and technical guidance, while authoring internal frontend, UX/UI, and codebase documentation.
- Played an active role in Agile delivery cycles and frontend modernization initiatives, including ES6 migration planning, discovery sessions, and technical estimations.

CHEIL WORLDWIDE | Moscow, Russia

Jul 2016 – Jun 2022

Frontend developer

- Developed **250+ scalable, responsive promo pages**, landing pages, and web applications for Samsung Electronics (Central Eurasia) using HTML5, CSS, JavaScript, jQuery, integrating Vue.js for select dynamic components.
- Created multiple reusable and customizable JavaScript modules, drastically decreasing overall development time for recurring promotional campaigns.

- Integrated the Samsung Online Shop API and various third-party APIs (Google Maps, Yandex Maps, Instagram, YouTube) to enhance application interactivity.
- Validated code for structural integrity, security, and cross-browser compatibility, successfully troubleshooting and resolving issues prior to deployment.

INFOMEDPHARM DIALOG | Moscow, Russia

Mar 2014 - Jun 2016

Web Developer

- Developed and maintained company's main and events websites primarily using HTML, CSS, JavaScript, jQuery and Wordpress CMS with minor PHP edits.
- Implemented feedback forms, CSS and JavaScript animations, 3d content displaying using third party libraries.
- Organized and conducted online broadcasts of events on main website using Flowplayer API and Youtube API.
- Optimized web pages for search engines and increased page loading speed using Google PageSpeed Insights and related performance tools.

GRAVER LLC | Zaporizhzhia, Ukraine

Dec 2012 - Aug 2013

Webmaster

- Developed, launched and maintained the company's main website and online shop with more than 100 products using HTML, CSS, Wordpress and Joomla CMS.
- Optimized web pages for search engines, which increased website traffic by **30%**, achieved display on the first page of Google and Yandex for the given keywords in the region.
- Prepared and optimized media content, texts and pages for publication, taking into account the features of the website's CMS.

EDUCATION

Bachelor of Computer Science

Electrotechnical Professional College | Zaporizhzhia, Ukraine

Sep 2004 - Jun 2008
